Above is a schedule for counters over the next year. X means each Sunday in that month.

The ideal systems consists of two teams, one after 9:30 mass and one after 11:30. On each team you need a person responsible for making up the deposit and counting the loose. The 9:30 group will need two people to write the list of cheques, keeping the envelope with the list and the 11:30 group will need on The others in the group will open the envelopes, check and circle or rewrite the amount in red on the envelope. This verifies that a "counter" has seen the envelope and has verified the amount given. The 9:30 group puts their deposit in the vault and the 11:30 takes the two deposits to the bank.
